

Winter school APPRISE

Fundamentals of trAnSport Phenomena in PoRous media across ScalEs

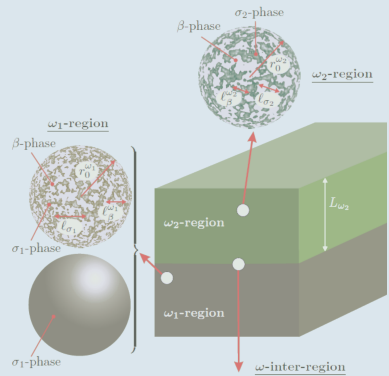

organized by the FIC (France InterPore Chapter)

<https://apprise.sciencesconf.org/>

D. Lasseux, L. Luquot, S. Roman, B. Rousseau

Topic & Contents

- **General course (9h00):** Physical bases - Transport processes in porous media - Upscaling - Modeling one and two-phase flow
- **Specific topic (6h00):** Image acquisition and use for modeling of transport processes
- **Practical works (15h00)** (OpenFoam and COMSOL)

Venue

Centre Paul Langevin - CAES du CNRS - 73500 Aussois

Dates: from 05 to 09 February 2024

Registration at: <https://apprise.sciencesconf.org/inscriptions>

Fees (including lodging and meals)

Academics: 650 € - Students: 500€ - Industrials: 900 €

Limited to 30 attendees - Registration deadline: December 30, 2023
